

Strengthening Focus & Investment in Metabolic Monitoring

Exciting things are happening at C-CIT Sensors and we want to share some important news with you. This letter is to inform you that we have moved our business to a new location with a much larger space and improved capacities for customized sensor product development and production.

Our new facilities are located in an old industrial building of the former towelware factory at Einsiedlerstrasse 34 in Waedenswil, just next to the Life Sciences Department on the Reidbach Campus of the ZHAW (Zurich University of Applied Sciences).

Come help us celebrate the big move! Contact Andi Koch to find out more (+41 79 935 7481; andreas.koch@c-cit.ch).
